PRODUCT GUIDE NUMBERING SYSTEM

The Product Guide is a resource for Architects, Designers and Faculty Planners to use in identifying and selecting the appropriate casework to create a functional and aesthetically pleasing environment.

All HLF casework can be specified using a nine character alpha numeric system. An example of the specification process is as follows.

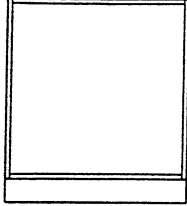

B220362436

B	Base Cabinet
22	2 doors, 2 drawers
36	Width
24	Depth
36	Height

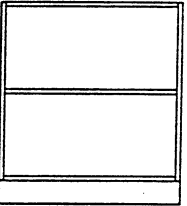

Specification numbers remain the same regardless of series.
